EIP AMAZONIAN FLORA

Version 1.0 - Sectoral Scope - 17

AMAZONIAN FLORA				
Common name	Scientific name	Family	Threat category	tEIP per year (areas above 100000ha)
Without a known common name	<i>Aspilia paraensis</i>	Asteraceae	Vulnerable	20.000
Without a known common name	<i>Digomphia densicoma</i>	Bignoniaceae	Endangered	10.000
Without a known common name	<i>Jacaranda carajasensis</i>	Bignoniaceae	Vulnerable	20.000
Without a known common name	<i>Bursera simaruba</i>	Burseraceae	Endangered	10.000
Without a known common name	<i>Licania aracaensis</i>	Chrysobalanaceae	Endangered	10.000
Without a known common name	<i>Licania bellingtonii</i>	Chrysobalanaceae	Endangered	10.000
Without a known common name	<i>Ipomoea carajasensis</i>	Convolvulaceae	Vulnerable	20.000
Without a known common name	<i>Ipomoea cavalcantei</i>	Convolvulaceae	Vulnerable	20.000
Without a known common name	<i>Costus fragilis</i>	Costaceae	Endangered	10.000
Without a known common name	<i>Costus fusiformis</i>	Costaceae	Endangered	10.000
Imburana-de-cheiro	<i>Amburana cearensis</i> var. <i>acreana</i>	Fabaceae	Endangered	10.000
Pau-roxo	<i>Peltogyne maranhensis</i>	Fabaceae	Vulnerable	20.000
Pau-rosa ou itaúba	<i>Aniba rosaedora</i>	Lauraceae	Vulnerable	20.000
Cravo-do-maranhão, paucravo ou casca-preciosa	<i>Dicypellium caryophyllaceum</i>	Lauraceae	Vulnerable	20.000
Castanheira, castanheira-do-pará ou castanheira-do-brasil	<i>Bertholletia excelsa</i>	Lecythidaceae	Vulnerable	20.000
Mata-matá	<i>Eschweilera piresii</i>	Lecythidaceae	Vulnerable	20.000

EIP AMAZONIAN FLORA

Version 1.0 - Sectoral Scope - 17

AMAZONIAN FLORA				
Common name	Scientific name	Family	Threat category	tEIP per year (areas above 100000ha)
Without a known common name	<i>Eschweilera rabeliana</i>	Lecythidaceae	Endangered	10.000
Mogno, águano ou caóba	<i>Swietenia macrophylla</i>	Meliaceae	Critically endangered	50.000
Palmeira Jussara	<i>Euterpe Edulis</i>	Arecaceae	Vulnerable	20.000
Without a known common name	<i>Galeandra curvifolia</i>	Orchidaceae	Vulnerable	20.000
Without a known common name	<i>Axonopus carajasensis</i>	Poaceae	Vulnerable	20.000
Without a known common name	<i>Mourera fluviatilis</i>	Podostemaceae	Endangered	10.000
Pau-amarelo, paucetin, amarelão ou espinheiro	<i>Euxylophora paraensis</i>	Rutaceae	Vulnerable	20.000
Without a known common name	<i>Nycticalanthus speciosus</i>	Rutaceae	Endangered	10.000
Jaborandi	<i>Pilocarpus alatus</i>	Rutaceae	Vulnerable	20.000
Without a known common name	<i>Hohenbergia castellanosi</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Hohenbergia correia-araujoi</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Hohenbergia littoralis</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Neoregelia binotti*</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Nidularium bocainensis</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Nidularium utriculosum*</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Orthophytum amoenum</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Portea grandiflora</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Portea kermesina</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Vriesea cearensis</i>	Bromeliaceae	Endangered	10.000
Without a known common name	<i>Campylocentrum pernambucense</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Catasetum uncatum</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Cattleya dormaniana</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Cattleya granulosa</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Cattleya labiata</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Cattleya schilleriana</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Cattleya tenuis</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Cattleya velutina</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Cattleya warneri</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Chaubardia heloisae</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Cleistes carautae</i>	Orchidaceae	Endangered	10.000
Without a known common name	<i>Constantia cipoensis</i>	Orchidaceae	Endangered	10.000

EIP AMAZONIAN FLORA

AMAZONIAN FLORA				
Common name	Scientific name	Family	Threat category	tEIP per year (areas above 100000ha)
Without a known common name	Constantia microscopica	Orchidaceae	Endangered	10.000
Without a known common name	Galeandra curvifolia	Orchidaceae	Endangered	10.000
Without a known common name	Habenaria itacolumbia	Orchidaceae	Endangered	10.000
Without a known common name	Masdevallia gomesiiferreirae	Orchidaceae	Endangered	10.000
Without a known common name	Pabstia schunkiana	Orchidaceae	Endangered	10.000
Without a known common name	Phragmipedium lindleyanum	Orchidaceae	Endangered	10.000
Without a known common name	Phragmipedium vittatum	Orchidaceae	Endangered	10.000
Without a known common name	Pleurothallis gomesiiferreirae	Orchidaceae	Endangered	10.000
Without a known common name	Pseudolaelia cipoensis	Orchidaceae	Endangered	10.000
Without a known common name	Pseudolaelia citrina	Orchidaceae	Endangered	10.000
Without a known common name	Scuticaria itirapinensis	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis brevipedunculata	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis endsfeldzii	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis fidelensis	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis jongheana	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis kautskyi	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis lobata	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis perrinii	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis tenebrosa	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis virens	Orchidaceae	Endangered	10.000
Without a known common name	Sophronitis xanthina	Orchidaceae	Endangered	10.000
Without a known common name	Thelyschista ghillanyi	Orchidaceae	Endangered	10.000
Without a known common name	Mourera fluviatilis	Podostemaceae	Endangered	10.000
Without a known common name	Axonopus carajasensis	Poaceae	Endangered	10.000
